

FIRE PHOENIX MARTIAL ARTS

RED PHOENIX SYLLABUS

ON CROWN

STUDENTS AGED 8 - 12

FIRE PHOENIX ON CROWN

At Fire Phoenix on Crown, we are more than a training facility – we are a supportive community dedicated to helping every student rise with confidence, skill, and character. Our school is founded on the core values of kindness, compassion, inclusivity, perseverance, and humility. We believe martial arts is not just about physical ability, but about who you become through the journey.

Our Philosophy

We strive to develop students who are talented and skilled martial artists, while also nurturing strong character. At Fire Phoenix on Crown, students learn that true strength comes from perseverance in challenges, humility in success, and compassion toward others. Every student's journey is unique, and we honour that individuality. We are committed to creating a safe, welcoming, and inclusive environment where everyone – regardless of age, ability, background, or experience, feels respected, supported, and encouraged.

Understanding Tips & Progress

Tips are not a representation of who you are as a martial artist. Instead, they help our instructors understand:

- Where you are in your learning journey
- What skills you have already developed
- What you are ready to learn next

Tips allow instructors to tailor guidance, support, and challenges so each student can continue to grow at their own pace. Progress is not a race, and comparison has no place in our training.

Our Commitment to Students

We are dedicated to:

- Building confidence through skill and discipline
- Encouraging perseverance through effort and consistency
- Teaching humility through respect and continuous learning
- Fostering compassion through teamwork and empathy
- Creating an inclusive space where every student belongs

At Fire Phoenix on Crown, we believe that when students feel supported and valued, they rise not just as martial artists, but as people.

WHITE BELT

Red Phoenix Syllabus

Belt Overview

The White Belt focuses on establishing core martial arts fundamentals through hand techniques, kicking, and basic self defence. Students learn primary punches such as the jab, cross, hook, and uppercut, alongside palm strike. Essential blocking skills: upper, lower, inner, and outer blocks are introduced to build a defensive foundation. The kicking curriculum includes front, turning, back, and side kick, plus knee strike.
